we have your protection solution.

Why Alumi-Guard®?

Alumi-Guard has been providing innovative, high-quality aluminum fencing, railing and gate systems to professional contractors, architects, builders and homeowners for decades. We have a wide variety of elegant, durable and low-maintenance products — available in several different grades — designed to protect homes, businesses, municipalities and proudly securing some of our nation's military facilities. Our aluminum fencing features the highest quality of finishes available within our market — all at a great value.

Alumi-Guard has been named one of the “Top 50 Powder Coat Shops in the U.S.” for nearly a decade by *Products Finishing* magazine. No other fence manufacturer has been named to this list.

The Commercial & Industrial Collection

The Commercial & Industrial Collection by Alumi-Guard offers numerous options. Strength, durability and quality are synonymous with the Alumi-Guard brand name. Alumi-Guard offers seven standard colors, various high-security upgrades, multiple gate options with three different arch-top styles, as well as custom design upon request all manufactured to meet your specific need for your property or business.

Our commitment to quality means we don't just follow industry standards — we raise the bar higher by performing additional testing.

Collection Features

Alumi-Guard fencing and gates are available in a wide assortment of styles, grades and colors.

- Six Grades — Commercial, Municipal, Concealed Fastener, Industrial, Imperial and Security
- Matching entry and walk gates are available to complement each fence style
- Not all architectural coatiers meet the standards set by AkzoNobel — Alumi-Guard meets the most stringent requirements as an Approved Applicator that surpasses 10,000 hours on the Salt Spray Test (ASTM B-117), which is three times greater than AAMA 2604-21 specifications
- Patented T-Slot™ post and hinge system on swing gates wider than 6' features a clean, professional finish and a T-nut anchor system that allows for easy installation and simple adjustments
- Providing exemplary services — engineering, architectural support and customer service
- Durable, scratch resistant powder coated aluminum fence and gates which are naturally corrosion resistant, and provide long product lifecycles with low-maintenance
- Aluminum fencing meets or exceeds ASTM F2957-13 and welded U-Frame gates are the strongest in the industry
- Committed to sustainable and environmentally responsible practices
- Commercial projects have a Limited 30-Year Warranty. Residential projects are backed by a Transferable Limited Lifetime Warranty.

4 Quick Steps to Design Your Fence

The Commercial & Industrial Collection by Alumi-Guard offers six alternatives for you to consider regarding the individual rail and picket dimensions of your fencing system. Choose the option that meets your budget and priorities.

Commercial — With upgraded rails and pickets, these panels have an elegant appearance with superior performance.

- 1 1/4" x 1 1/4" rail
- 3/4" x 3/4" picket
- 6' wide panels
- 2" or 2 1/2" posts

Concealed Fastener — These are an upgrade to the Commercial panel and are designed for extra strength with a sliding tab system which covers the screw-heads for a cleaner appearance.

- 1 1/4" x 1 1/4" rail
- 3/4" x 3/4" picket
- 6' and 8' wide panels
- 2" or 2 1/2" posts

Municipal — For added strength and durability, the Municipal grade provides unmatched safety and security.

- 1 1/2" x 1" rail
- 3/4" x 3/4" picket
- 6' and 8' wide panels
- 2" or 2 1/2" posts

Industrial, Imperial and Security — These panels provide additional strength and protection. Imperial rails are available with security grade pickets when additional strength is needed.

- Industrial and Security — 1 1/2" x 1 1/2" rail
- Imperial — 1 3/4" x 1 3/4" rail
- 1" x 1" picket and 2 1/2" posts or 3" posts
- 6' and 8' wide panels

Flat Top

Ascot • Canterbury • Fairmount

The Flat Top design defines your boundaries, creates safety barriers and enhances your property with quality craftsmanship and classic style. Perfect for any residential setting, versatile Flat Top design can be customized to meet your personal needs and your local code requirements.

Ascot with Rings

Canterbury

Fairmount

Canterbury

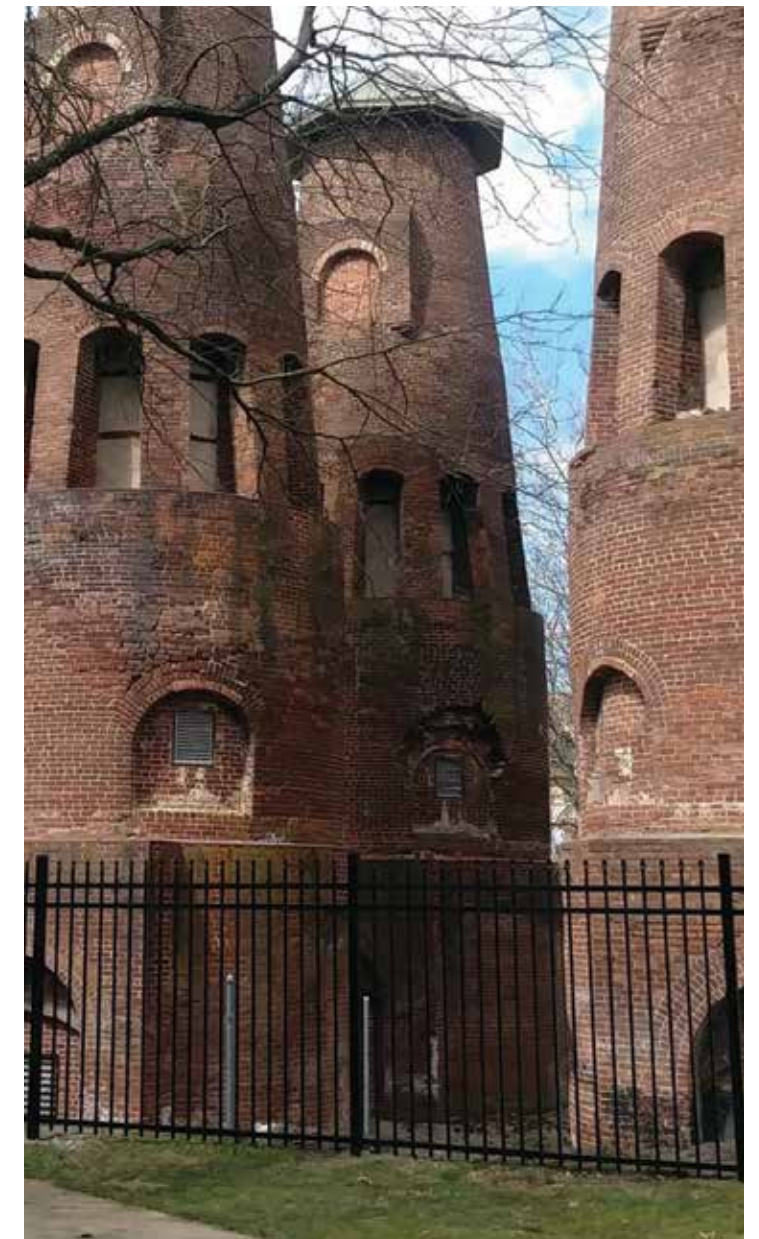

Ascot

Hamilton

Belmont

Belmont

Pressed Spear

Belmont • Hamilton

Alumi-Guard's low-maintenance Pressed Spear styles — the Belmont and the Hamilton — provide security and help define boundaries while fitting in with any building's facade. Providing a clear definition to your property's perimeter, these rackable styles follow the natural contour of your grounds. Adding rings, scrolls or other adornments to your fence can further add to your property's appeal. Alumi-Guard has been securing community pools, parks, businesses, municipalities and military facilities for years.

Victoria with Quad Finials

Premier

Victoria

Protecting what you love

Alumi-Guard's Premier style — the Victoria — will help your business or property stand out with its old-world, classic beauty and elegant styling. Offering three different picket top options, the Victoria provides clear definition of your property while safely securing your perimeter. This rackable style follows the natural contour of your grounds. Adding rings, scrolls or other adornments to your fence can further add to your property's appeal. For decorative adornments, see page 26.

Belmont Arch 3 Gate with Mesh

Pedestrian Gates

Arch 1 • Arch 2 • Arch 3

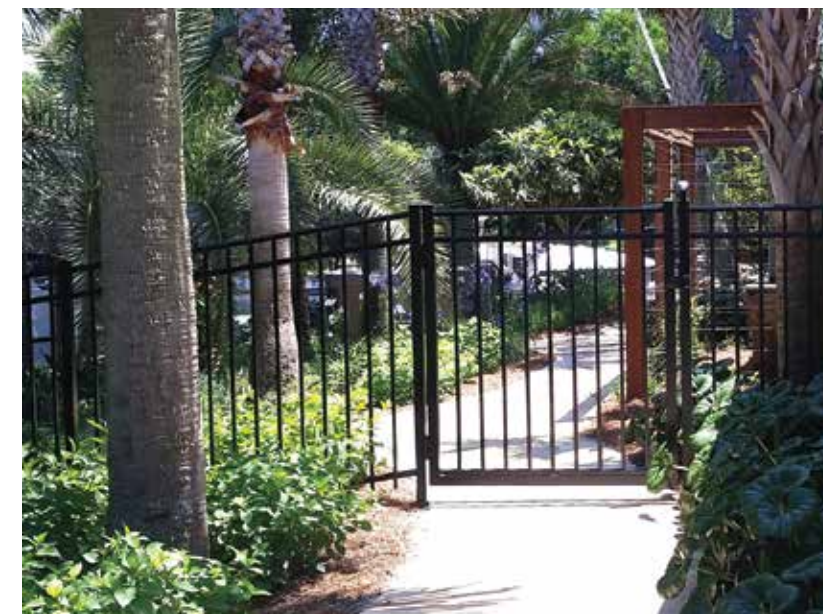

Protecting what you love

Alumi-Guard Pedestrian Gates demonstrate our dedication to performance, strength and reliability. A fully welded outer U-Frame design comes standard with Alumi-Guard gates. The welded U-Frame adds substantial strength to prevent sagging all while maintaining a clean and attractive entry point to your property. Alumi-Guard gates feature the same powder coating as our fence panels — securing your property and offering low-maintenance care with a transferable limited lifetime warranty.

Ascot Arch 1 Gate

Ascot Arch 1 Gate

Victoria Staggered Arch 3 Gate

Belmont Arch 1 Gate with Mesh

Alumi-Guard offers two pedestrian arched gate styles and one flat top style. We can also customize gate designs for a unique look. Barrette Outdoor Living hinges are included with all gates. Decorative adornments can be added to your gate. For options, see page 26.

All standard and custom options ensure walk gates meet ADA codes for egress hardware. With the addition of expanded metal to the gates and side panels, entry points will be more secure. Contact your Alumi-Guard dealer for more details and to learn more about your local codes.

Estate Gates

Swing Gates • Cantilever Gates

Estate Gates greater than 6' wide include our patented T-Slot™ post and hinge system and diagonal bracing. The T-Slot™ system allows for easy adjustments and quick installation. We have UL325 cantilever gate solutions for your secured access points.

Alumi-Guard offers single- or double-track Cantilever Gates that offer a high level of security and are ideal for both commercial and industrial applications. Featuring a strong, hand-crafted, 100% welded aluminum frame have wood or vinyl boards or chain link inserted. Available in several track options and sizes, our Cantilever Gates meet or exceed ASTM standards F1184, F2200 and F900.

Guardrail Boxed Railing Kit Camelot

Handrail & Guardrail

Windsor • Camelot • Yorkshire • ADA

Alumi-Guard offers two guardrail boxed railing kits* — Windsor and Camelot. These rust-free railings feature a superior powder coated finish and are engineered using the highest quality aluminum extrusions and castings that meet most local building codes, including the International Building Code (IBC). With concealed fasteners and sleek brackets, the Windsor and Camelot offer a sophisticated design that add style and value to any building. A plug-and-play LED lighting system and solar post caps are also available for boxed railing kits.

Pre-Built Guardrail Yorkshire

Boxed Guardrail Kit Windsor

Guardrail Boxed Railing Kit Windsor

Alumi-Guard also offers the Yorkshire — a pre-built guardrail panel that provides the perfect solution for applications where a durable, low-maintenance railing is desired. Strong metal-to-metal connections ensure dependable safety for any balcony, stair or ramp installation.

Alumi-Guard's ADA compliant, powder coated aluminum handrail is a low-maintenance addition to ramps and stairs.

**Note: Guardrail boxed railing kits require assembly.*
